**Metabolic Product Options from Nutricia:  
Update on US Product Availability July 15, 2022**

Dear Metabolic Community,

We are pleased to provide an update on our metabolic stock and report that our supply continues to improve daily with most items in stock currently.

- We are proud to report that **PhenylAde® GMP ULTRA Vanilla** and PhenylAde Essentials Strawberry and Orange are now back in stock.
- We are also pleased to announce the availability of **PhenylAde® GMP Drink Mix Plain (Original)** in a can. This is a new option for those seeking a plain product in a can.
- As reported before, our **metabolic infant formula supply** has been and continues to be **secure**.

We expect more products to be available shortly, these include PhenylAde® GMP Mix-In (pouches), PhenylAde® Essential Chocolate (pouches), PhenylAde® Essential Vanilla (cans), Periflex® Advance Unflavored, Periflex® LQ Berry, PhenylAde MTE AA Blend (pouches), PKU Lophlex® Juicy Tropical, Complex MSD Junior, MSUD Lophlex® LQ and MSUD Maxamum® by late July into early August.

Please speak to your healthcare provider if you cannot access your Nutricia metabolic product for any reason. In cooperation with them, we can help find solutions – we are here for you.

If you have questions about your order, please contact our Customer Service team ([MetaCustomerCare@nutricia.com](mailto:MetaCustomerCare@nutricia.com)). If you have product questions, you can reach our Medical Affairs team at [NutritionServices@nutricia.com](mailto:NutritionServices@nutricia.com). Both teams can also be reached via phone at 1-800-365-7354.

With warm regards,

*Your Nutricia Metabolics Team*
