

January 18, 2022

To our Valued Patients:

Thank you for your continued patience as we return our formula products to the market as quickly as possible. As promised, we are providing updates about release timings and can share that the following metabolic products are now shipping in the U.S.: **Glutarex[®]-1, I-Valex[®]-1, Ketonex[®]-1, Propimex[®]-1, and Pro-Phree[®]**

In addition, there are updates to anticipated release dates for other metabolic products and the revised schedule is reflected in the table below. Please note that while the release timings reflect our best estimate, the dates may shift. After these products are released, it can take up to four weeks for products to be available through standard channels such as home medical suppliers, distributors, and state programs.

Where product is not available commercially or through standard channels, we continue to operate **Abbott’s Metabolic Formulas Urgent Needs Program** in the U.S. and have sufficient supply to support urgent patient needs. This program will remain active and available for patients who need these important products until the newly manufactured metabolic products are available through standard channels.

The table below shows which products are active in the Abbott Metabolic Formulas Urgent Needs Program.

Estimated Release Month for the U.S.	Product	Urgent Needs Program Status
	ProViMin [®] , Calcilo XD [®]	Ended on October 10, 2022
Currently Shipping	Phenex [®] - 1	Ended on January 6, 2023
	Glutarex [®] -1, I-Valex [®] -1, Ketonex [®] -1, Propimex [®] -1, Pro-Phree	Ending on February 28, 2023
February 2023	Similac PM 60/40 [®]	Active
April 2023	Cyclinex [®] -1, Cyclinex [®] -2, Glutarex [®] -2, Hominex [®] -1, Hominex [®] -2, I-Valex [®] -2, Phenex [®] -2 Unflavored and Vanilla, Propimex [®] -2, Tyrex [®] -1, Tyrex [®] -2, Ketonex [®] -2	Active

We understand this situation has been challenging for parents, caregivers, and patients. We are doing our best to get products to the market as quickly as possible.

If you need product urgently, please contact your healthcare professional. If you have questions or are unable to find newly manufactured product, please call Abbott Consumer Relations at 1-800-881-0876 for assistance.

Thank You,
